

Vitroretinal & Glaucoma Specialists

The Gundersen Lutheran Eye Institute has two openings for BC/BE Ophthalmologists interested in providing Vitroretinal or Glaucoma services as part of their comprehensive practice. Fellow training preferred. Current shared call is 1:8. With nine board certified ophthalmologists on staff, a collegial and balanced lifestyle awaits. Department services include:

- Cornea
- Laser Vision Correction
- Pediatrics
- Cataract
- Comprehensive Ophthalmology
- Oculoplastics
- Retina

The Gundersen Lutheran Eye Institute provides the latest in technology and equipment which includes Zeiss OCT, Digital photography, Zeiss IOL Master, Marco EPIC refraction systems, Excimer laser, endocyclophotocoagulation laser. In addition to our nine ophthalmologists, our professional eye care team includes, seventeen optometrists, ophthalmic and optometric technicians, contact lens, low vision personnel, and opticians.

Gundersen Lutheran is a dynamic top-rated healthcare organization based in scenic La Crosse, Wis. We've been named a Top 100 organization more than a dozen times and awarded the HealthGrades® Distinguished Hospital Award for Clinical Excellence. We offer the same top-quality primary and specialty healthcare usually found only in larger metropolitan areas, but with the compassion and friendliness of a smaller Midwest town.

At Gundersen Lutheran, we serve residents of western Wisconsin, southeastern Minnesota and northeastern Iowa. Our healthcare system is anchored by one of the largest multi-specialty group practices and a teaching hospital with Level II Trauma Center. Specialty outreach, telemedicine, distance learning, digital imaging and other services link Gundersen Lutheran with regional clinics, hospital affiliates and practitioners in a 19-county service area.

La Crosse is a historic, vibrant city of more than 50,000 people nestled between bluffs and the legendary Mississippi River. La Crosse boasts a historic downtown and riverfront, a host of festivals and annual celebrations, some of the best outdoor recreation, excellent schools including three universities, affordable housing in safe neighborhoods, an endless variety of live entertainment and breathtaking beauty, making this a great place to call home.

We support a safe, healthy and drug-free work environment through background checks and controlled substance screening. EOE/AA/LEP

Our physician lead organization emphasizes quality and compassionate care
