Mark F. Brower, D.O.

Matthew A. Dahlgren, M.D.

July 12, 2011

Dear Dr. Schuman,

Eye Physicians and Surgeons, S.C. is recruiting a comprehensive or fellowship trained ophthalmologist to begin work in the Summer of 2012. We are an independent physician owned partnership in southeastern Wisconsin with offices in Elkhorn and Burlington, WI. Minutes from the popular Lake Geneva area, we are 45 minutes southwest of Milwaukee, WI and 60 minutes southeast from Madison, WI.

Our primary office in Elkhorn is a six-lane facility equipped with YAG laser, IOL Master, Atlas Topography, Humphrey Visual Field, OCT, and Zeiss Digital Fundus Camera with fluorescein angiography. The Burlington location is a three lane office with Argon laser for ALT, focal, PRP, and peripheral retinal pathology. Both offices have complete optical shops with fully functional labs.

Eye Physicians and Surgeons, S.C. is owned by Mark Brower, DO and Matthew Dahlgren, MD. Dr. Brower founded the practice in 1988. He is a board certified comprehensive ophthalmologist with emphasis on cataract surgery and is president of Aurora Lakeland Community Hospital. Dr. Dahlgren is a board certified cornea fellowship trained ophthalmologist who joined the practice in 2009 and became co-partner in 2011. The practice also employs a third board certified medical ophthalmologist, Nicholas Veith, MD who has practiced in the area for nearly 40 years.

The clinical and surgical volume of the practice is excellent. Over 800 cataract surgeries performed in 2010 between Drs. Brower and Dahlgren. Eye Physicians and Surgeons, S.C. is also a referral practice for twenty local optometrists. Call is every fifth week, salary is competitive, and opportunity for equal partnership is available.

Contact Dr. Dahlgren at 262-723-4600 or by e-mail at [mdahlgre@hotmail.com](mailto:mdahlgre@hotmail.com) for additional information.

Sincerely,

*M. Brower DO.*

*Matthew A. Dahlgren MD*
