Glaucoma Consultants Northwest

ophthalmic consultation

September 7, 2011

Joel S. Schuman, MD
UPMC Eye Center
Suite 300
203 Lothrop Street
Pittsburgh, PA 15213

Dear Joel,

We are writing to inform you about an exciting opportunity for your fellows graduating in 2012. Glaucoma Consultants Northwest is a premier, well established glaucoma practice located in downtown Seattle with a satellite office in Bellevue, Washington. We are presently seeking an associate to join our group. The practice almost exclusively involves the medical and surgical management of glaucoma; however there are a substantial number of cataract cases as well. All interested applicants are encouraged to contact us for further information either by email to glaucomadocs@hotmail.com or by calling either one of us.

Best Regards,

Dick

Richard P. Mills, M.D.

Annisa

Annisa L. Jamil, M.D.
